A bold statement, however our customer base of over 24,600+ people who book with us regularly backs this up. We're in a fortunate position. We want to revolutionise the way the industry works by putting our clients first, focusing primarily on delivering an excellent service and being passionate about what we do.

There are many reasons to become a Fresh Franchisee. As well as getting comprehensive training and being part of a successful brand, we look after all of our people and customers at every level and offer support to ensure you and your business succeed.

Your Very Own Fresh Opportunity We believe that everyone should have the opportunity to start their own business, whether it be due to lack of capital, time or just not being able to find the right idea. We have found the solution by offering a 'business in a box' package.

We pride ourselves by partnering with ambitious individuals who have a drive for remarkable success. We work extremely close with them and provide the systems and processes to achieve their goals.

The benefit to you is over half a decade of experience in the industry. We know the car cleaning industry inside out and back to front - we have cleaned over 100,000+ cars in the last five years. We understand our customers and know exactly what they want-a personal service, a shake of the hand and a quick chat. The days of cowboy valeters are over. Let us share with you our insights and help you create a successful business with a healthy base of repeat customers.

Using technology to revolutionise the valeting industry

The use and investment in technology is in our veins and forms a key part of our strategy moving forward. Whether it's our website, App or customer subscription services, all of our platforms are designed with the customer in mind. Making them current and easy to use to give the best experience for the customer.

Our App was launched in June 2021 and is growing from strength to strength. With over 15,000 downloads to date, the proof is there that customers love the flexibility it offers. The ability for customers to pay directly through the app has also been added giving the customer even more flexibility when it comes to payment.

Choose the perfect package for you

Book appointments from your dashboard

Select the best time for you

Keep on top of your bookings, past and present

Our website is constantly updated to ensure the correct information is available to new and existing customers. With nearly 250,000 unique visits to the website in 2021 alone, we continue to promote FRESH nationally and locally whenever a new Franchise is launched. In addition to our own website, we create all new Franchisees their own dedicated Google listing describing your business and adding a local contact number (landline) for customers to make a booking over the phone if required. This landline number goes straight to our customer service team for them to assist them with their enquiries.

Preferred Valeter

Customers have the choice of how they book a service with us, whether it's through the app, website or over the phone. When booking an appointment customers also have an option to choose their 'preferred valeter'. In some of the larger cities, we can have multiple Franchisees covering multiple postcode areas. Franchisees build strong relationships with their customers and this option ensures the customer can select the valeter that they know and use on a regular basis. With over 60% of our business coming from repeat custom, we know how important it is to give customers this 'choice'.

Car Club Subscription

Brand New For December 2021

The Car Club is our subscription service giving customers even more control and flexibility around all of their car care needs.

Customers can choose to pay monthly for all of their car care requirements choosing how frequently they would like their cars valeted and what services they require. The app allows customers to manage their subscription at home as well as book their services at a time that suits them..

The FRESH story

Fresh started in 2016 as a university project. Sam, the founder, saw a gap in the market for a premium valeting service delivered by people who were proud of their work, rather than people who were keen to make a quick buck.

Fresh was created with one idea in mind - if we can figure out how to deliver a consistently excellent service, look after our clients and build a team of people who are passionate about what they do, we just might revolutionise an industry which hasn't had any innovation in over a decade.

We've decided to take this even further, having each member of our valeting team run their own franchise. Our franchisees collect regular clients using our proven systems and have the opportunity to build an amazing business for themselves.

Sam's story

At the start, Sam cleaned every single car himself. He was out in the van for over two years while building a customer base and team. Sam initially planned to run Fresh while at university. However, within a year, the business was turning over £20,000 a month with a team of 8 people. It quickly became

obvious that Fresh needed his full attention, so he left in 2016 to manage the business full time.

Having a passion for cars himself, Sam is still keen to get his hands dirty as often as possible. He often does training days with staff or goes out in a van on a Saturday. Most of his time is now spent recruiting, running finances, marketing and setting the strategic direction for the business.

I could never have predicted how quick things would go.

All we did was put our heart in to each and every car, and before we knew it we were inundated with bookings. I remember I would come home after a day of valeting and spend all evening replying to emails, Facebook messages and texts.

How does the franchise work?

.....● **Van & equipment** We can support you with acquiring a suitable van. Depending on the circumstances we may give you the option to rent a van from us. If you already have a van, we have clear guidelines on what you would need and can setup everything for you free of cost/

.....● **Payments** All cash payments would be taken and deposited by you. Online or App payments would come in to a holding account and your share of the payment would be distributed to you as soon as it arrived in the account.

.....● **Management of customers** Most customers will be acquired by the Fresh marketing strategy, of which the ads are paid for by us. You have to tell us your availability and we'll book them in to your diary for you. The rest of the customers will come from your own local marketing efforts. From then on, you manage the customer directly. For example, you may need to tell them that you are running late. Ideally, customers will then become subscribers of the Car Club in which case you will see them regularly.

.....● **Setting up your own company** Having done it over 85 times already, we can guide you through the process of setting up your own company, making sure everything is done in the most tax-efficient way possible. Your company would be set up as a limited company through Companies House.

.....● **Getting paid** You will acquire cash in the bank as the month goes on and be able to clearly see how much profit the business makes each month. It is then up to you how much you would like to pay yourself. We recommend keeping a buffer at all times

Our support package

Marketing We currently run a number of vans ourselves, as well as having over 85 franchises across the UK. We're experts in acquiring, caring for and retaining customers. Fresh will advertise heavily on social media platforms and Google, as well as printing off 2,000 leaflets to get you started. It will be your job to do the local marketing ie, handing out leaflets, using your own network and contacting businesses. We can usually have a franchise fully booked within the first few months from digital marketing alone. However, the more leaflets handed out the better.

£10.5k

Customer Management Once we've found customers, we will deal with all of the incoming leads and get them booked in to the diary depending on the availability you have set. A massive 61% of our bookings in the last 5 years have come from regular customers. Customers can book via the our website, app or over the phone with our customer service team. As well as letting you valet in peace, this also means you can enjoy your days off without being on call 24/7 for customer enquiries.

Finances Our in house team can put you in touch with an accountant who knows the franchise model inside out to help look after your books/accounts.

Systems You'll have full access to our systems and operations manuals. This includes how to clean cars, the car club infrastructure, which equipment to use, access to the APP, a page on our website and much more.

Ongoing advice Having launched in over 40 areas ourselves, we know the struggle of getting a business off the ground. We'll be on call 7 days a week to make sure your franchise is as successful as possible. You will also be assigned a dedicated Business and Support Manager with regular check-ins to ensure your franchise is operating smoothly.

How to get started

We know that a successful franchise is all about great people. We work hard to find the right people, so the first step is to complete the 'Apply Now' form on our website. Then a representative of Fresh will give you a call to find out a little more about you and answer any questions you might have. Then it would be great if we can meet you in person. Meetings are organised around your schedule and can take as little or as long as you want. They give us a great chance to get to know you a bit better and find out why you want to become a Fresh Car partner. You can also ask as many questions as you like to ensure that this is a great fit for you and your family.

There are a few things we look for in a new business partner. Primarily we look for people who care about customers and who fit in with the culture of the business. Business partners need to be professional and resilient at all times. Think about standing in the snow at 7:00am waiting for a car to heat up! But for the right person it will also be an adventure full of fun.

With you

every step of the way

Contact Us and we will call you! - Complete the **'Apply Now'** form on the Fresh website telling us why Fresh would be great for you and the best time for us to get in contact. A member of the fresh team will give you a call to find out more about you and answer any questions you may have.

Watch our Webinar - Once you have completed your application form, you will have access to our Webinar recording hosted by the Founder, Sam. He will give you a detailed overview of the franchisee and explain how everything works.

Video call - Meet one of the Fresh team to discuss the opportunity, ask questions and discuss next steps. We can also help you get access to finance to start your Fresh Franchise, if required

Trial Days - Straight into the deep end - one / two days out in the van with a trading Franchise. This will be an opportunity for you to see if running your own valeting business is something you want to pursue. It will also offer an insight into their story, why they chose us and how they have progressed since launching their business.
